What Residents are Saying

AN.

"Mario and Arturo are the best property maintenance team and genuinely good people. You can always count on them to respond quickly, be respectful, and make sure things are taken care of the right way. They go above and beyond to help residents and really make living at Mira Apartments a better experience. It is rare to find maintenance staff that are both reliable and kind, but these two are exactly that. They make you feel valued as a resident and give you peace of mind knowing you are in good hands."

Local Feature

Topanga State Park

Looking for the ultimate place to practice your digital reset? Topanga State Park, nestled in the cliffs and canyons of the Santa Monica Mountains, is the perfect local escape. Just a short drive from Mira, this expansive natural treasure offers over 36 miles of trails through open grasslands and live oaks, providing stunning views that stretch all the way to the Pacific.

Whether you're looking for a challenging weekend hike or a quiet spot for a sunset meditation, it's an ideal setting to switch to airplane mode and immerse yourself in the beauty of the canyon. It is one of the best ways to enjoy the high-desert landscape while prioritizing your peace this May.

Live Well

Mental Health Awareness Month

Disconnect to Reconnect

May is Mental Health Awareness Month, a perfect opportunity to evaluate how we "Protect Your Peace" in a digital world. Living in Mira, you are minutes away from the natural beauty of Topanga Canyon, offering the ultimate

escape from the noise. This month, we encourage you to practice intentionality by putting your phone on airplane mode and truly unplugging. Whether you are exploring a local trail or relaxing at home, giving yourself permission to be unreachable is a powerful way to lower stress and stay centered.

Tips for a Digital Reset:

Airplane Mode After Hours: Set a time each evening to switch your phone to Airplane Mode, so you can focus entirely on your home sanctuary without digital distractions.

Tech-Free Trails: Head into the canyon for a hike and leave the phone in your bag to fully ground yourself in the sights and sounds of the landscape.

Mindful Mornings: Before checking notifications, take ten minutes for yourself—whether it's mindful breathing or enjoying a quiet coffee—to start your day with a clear mind.

Let's make this a month of finding balance and prioritizing your mental well-being.
