What Residents are Saying

KM.

"I have lived in over 5 different apartments buildings in the past 4 years and this is by far the best maintenance crew I have come across.....Mario and Arturo are the most kind and helpful people I've worked with. They are so prompt and professional with all the maintenance requests and they go out of their way to make our experience in the community better.

I had the opportunity to have met Mario on my property tour where my tour had gotten cancelled due to some technical issue but since I was traveling back to San Francisco from San Diego.... Decided to check out th building atleast and Mario offered to show us the apartments and it was the nicest gesture.

Gem of a person!"

Community Update

Fire Alarm Inspections

Keeping Our Home Safe & Sound

It's time for our quick annual safety tune-up! From **Monday, August 24 through Thursday, August 27**, our team and certified safety inspectors will be conducting annual fire alarm inspections across the community between **9:00 AM and 5:00 PM**.

Unit Visits: Vendors accompanied by our maintenance team will briefly enter apartments to test smoke detectors and fire safety components.

Noise Alert: You'll hear intermittent alarm testing throughout the building during these hours.

We know the beeps and noise aren't anyone's favorite soundtrack, so if you work from home, you might want to break out those noise-canceling headphones or step out for a quick coffee break! We appreciate your cooperation and patience as we complete these routine safety checks.
